Welcome to our Ozobot Bit kit!

If you plan to use markers and Ozocodes to play with these Bits, everything you need to know to get started is in the enclosed Quick Start Guide.

If you want to try your hand at using Ozoblockly to code more complex programs on these Bits, you will also need internet access and a web browser. Visit bit.ly/hmlozo to start coding.

For color code reference, you can also visit www.ozobot.com/create/color-codes

For fun challenges directly from the makers of Ozobot, visit www.ozobot.com/create/challenges
